KYMCO – SINCE 1964

KYMCO – SINCE 1964

- Founded in 1964 as a key manufacturing plant and primary parts supplier for Honda
- Produced the first KYMCO-branded models for global export in 1992
- Manufactures more than 200 models including scooters, motorcycles, ATV and UTVs, electric scooters, mobility scooters and e-bikes
- One of the world's largest scooter manufacturers
- Sells more than 664,000 vehicles per year across 111 countries
- More than 3600 dealers in Taiwan alone
- Three manufacturing plants, an R&D facility, logistics centre and a 185,000sqm test track in Taiwan
- Assembly plants in Argentina, Brazil, Columbia, Egypt, Malaysia, China & Taiwan
- More than 3000 employees worldwide
- Produces several models for other world-renowned powersport brands including Arctic Cat, BMW and Kawasaki

KYMCO AUSTRALIA

- Introduced to Australia in 1999
- More than 35,000 vehicles sold
- 16 scooter models
- 6 ATV models
- 2 Side-by-Side models
- 3-year factory warranty (12-month commercial use)
- 67 dealers nationwide

GONE IN 60 SECONDS

Did you know a KYMCO vehicle is sold every 60 seconds?

3-YEAR WARRANTY*

KYMCO scooters are supported by a two-year factory warranty from the date of purchase plus an additional 12-month factory warranty if your scooter is exclusively serviced at an authorised KYMCO dealer and retain an accurate service history.

* KYMCO scooters used for commercial purposes are supported by a 12-month warranty.

Each KYMCO scooter comes with an owner's manual and warranty booklet as supplied by your KYMCO dealer.

KYMCO

IN A NUTSHELL

Noodoe is an interactive dashboard that connects your smart phone to your scooter via an App. Noodoe provides navigation aids, phone notifications, custome dashboard displays and it even has its own social network.

noodoe

LIFE & MOBILITY INTEGRATED SEAMLESSLY

NOODOE NAVIGATION

- At-a-glance directions
  Information is presented in a simple and clear manner, with critical information fixed in optimal areas.
- Street-countdown indications – not distance to turn
  Simply count down the number of streets remaining before a turn – no need to repeatedly look down. This allows you to stay focussed on the road as you approach your next turn.
- Pre-ride destination entry
  Set your destination from your phone before leaving home and have it automatically transfer to your KYMCO scooter.
- Personalised journey navigation
  Enter up to 5 multiple destinations from your phone at once. All 5 destinations automatically transfer to your KYMCO scooter to create the corresponding navigation journey. Easy.

NOODOE JOURNEY

Journeys become journals
Record your journeys and upload them with photos, videos and a description to the Noodoe app, then share your riding experiences with the world. Find a fascinating post? Add it to your next trip at let Noodoe get you there. Noodoe Journey retraces your path and celebrates your moments with your KYMCO scooter.

NEVER BORING

Bring on the red lights
Noodoe makes every moment a more engaging experience – even when you're waiting at a red light. Stop Mode allows you to check your phone notifications; alerts you of missed calls; lets you glance through messages and social updates; and brings you breaking news and other notifications in real time. Never miss a moment.

SCOOTER + PHONE

Connect and share
Switch from checking the weather to viewing the compass while on the move, or scroll through your notifications when stationary. Find your scooter when it's parked in a crowded lot.

COMING IN 2021

SET TO SPARK

Most electric bikes do not excite. KYMCO will change people's perceptions of electric motorcycles.

THE FUTURE IS ELECTRIFYING

Our mission is to create not just clever personal mobility, but emotional mobility – to win the head and hearts of riders. The KYMCO Ionex marks the beginning of the new era of e-scooters with design, innovation and an open-energy platform.

KEEP CALM & CARRY ON

Plug in your scooter for charging, you must wait. Remove the battery for charging, you cannot go anywhere. Not anymore. In challenging the e-scooter status quo, KYMCO has revolutionised it. Why not have quick-swap batteries available on street corners? Why not engineer an e-scooter that can allow you to keep calm and carry on even when the battery is removed? With KYMCO, there's no stopping you.

KRV

The world's first compact scooter to feature an independent swingarm for unrivaled sport riding capability.

CV3

A leaning multi-wheel scooter for superior stability whatever the surface.

DT X360

An adventure maxi-crossover that conquers city gridlock, open roads and even the rough stuff, thanks to adventure-oriented tyres.

F9

A cool, urban electric scooter equipped with a 9.4kW motor for enthusiastic street riding.

> "The KYMCO F9, DT X360 and KRV all come with innovations that stir senses, intensify emotions and excite riders
>

ALL IN THE DELIVERY

FOUR KYMCO MODELS ALL DESIGNED TO DELIVER

LOW RUNNING COSTS

Talk about cost of ownership. Whether it's fuel use, servicing or spare parts, KYMCO scooters are highly cost efficient to run. As the old expression goes, they'll run off the smell of an oily rag.

DELIVERING THE GOODS

Each of KYMCO's four delivery scooter models has been designed, built and equipped as a handy, hard-working and dependable workhorse. Whether it's a rear rack ready for customised compatibility, spacious storage solutions, auxiliary inputs to keep devices charged or even the surety of a kickstart backup, KYMCO delivery scooters are ready for duty.

SCOOTER TO SUIT YOU

KYMCO has you covered with not one but four models specifically designed to deliver. Choose from the Agility RS 125, the load-lugging Agility Carry 125, Agility 16+ or the retro-inspired Like 125.

EFFICIENT, AFFORDABLE, AND VERSATILE

The Kymco Agility Carry is the perfect delivery scooter for those who need an efficient, affordable and versatile transport solution. Purposely built for delivery the Agility Carry is fitted with two transport racks front and rear, boasting superior load capacity of 30kg on the rear and 15kg on the front. An optional 85-litre box is available for the rear carrier. Under-seat storage is a handy addition over the competition, providing further storage options. Powered by a proven air-cooled, four-stroke, 125cc, single cylinder engine with a continuously variable transmission that is economical to run with low service costs. The Agility Carry has an impressive blend of modern craftsmanship matched with practical transport solutions, far superior to any rival delivery scooter.

- A purpose built for delivery
- Equipped with both front and rear carrier racks as a standard feature
- Low running & service costs
- KYMCO build quality and proven reliability
- Far superior to any rival delivery scooter on the market
- Optional rear cargo box is available as an optional extra

PURPOSE BUILT

KYMCO has developed the Agility Carry 125 for the sole purpose to deliver. Equipped with front and rear carrier racks the Agility Carry 125 is your efficient, affordable and versatile transport solution for your business.

COST EFFICIENT

Minimise your outgoings with a low cost transport solution. Simple cost effective maintenance schedule, low cost spare parts and a nationwide dealer support network for first class after sales service and repairs.

RELIABLE

Powered by KYMCO's reliable air-cooled 125cc 4-stroke engine that won't let you down. A simple and robust design to help further minimise the cost of ownership over the life of the scooter.

Enjoy the journey with these commuter friendly features - large windscreen, handguards and rear top case all included as standard features to make every trip an enjoyable one.

BIG WHEEL & ABS

Large 16 inch front wheel for easier balance and handling around congested streets. Bosch ABS braking system is a great feature for added safety when on the road.

SHORT, SWEET & POWERFUL

Shorter wheelbase increases agility to help negotiate traffic. Plus with the power of the Euro 4 compliant 4-valve 150cc

HAVE THE BEST OF BOTH WORLDS

The Agility 300i is a highly versatile maxi scooter that is the perfect size for navigating inner city streets and has the flexibility to cruise comfortably on the freeway.

This do all scooter features a 279cc EFI engine that delivers smooth power and meets Euro 4 standards, equipped with Bosch ABS brakes for added safety, bright LED lighting, Noodoe smart dashboard technology, a large windscreen and handle bar defectors for added protection at high speed and heaps of under seat storage space to nip down to the shops. The Agility 300i is one highly versatile scooter that is the perfect stepping-stone for customers looking to move into the KYMCO maxi range.

- Do it all with the Agility 16+ 300i
- Euro 4 compliant EFI 279cc engine delivers a smooth and constant power output
- Larger 16 inch front wheel for greater stability and increased rider confidence
- Endless storage
- Added comfort with a large seat and backrest
- Enhanced wind and weather protection with large windscreen and handlebar defectors
- Smart Noodoe dashboard technology including navigation
- Bosch ABS
- Keyless Ignition Control

ADVANCED EFI

Electronic fuel injection is mapped to deliver a versatile power curve. At slow speed an even low-down power output is perfect for busy city streets. Out on the freeway the Agility 300i can comfortably sit at high speeds with plenty of power in reserve.

SUPERIOR STOPPING POWER

Large single front 300mm disc and rear 240mm disc with Bosch ABS to deliver consistent, progressive braking performance in all conditions.

PROTECTION & COMFORT

For added rider comfort when travelling longer distances the Agility 300i comes with a large windscreen and handlebar deflectors for added protection against the wind and weather. A wide backrest and seat provide additional comfort when in the saddle for longer trips.

A NEW HORIZON

KYMCO's second-generation Downtown 350i has arrived featuring a more refined Euro 4-compliant engine and the added surety of traction control for a sharper, smarter and more sophisticated sport-touring scooter experience.

It also debuts KYMCO's rider-centric Noodoe Navigation system as standard, which allows you to focus on the road, putting safety first.

With an unchanged RRP price, the LAMS-approved Downtown 350i TCS ups the ante of its popular predecessor with more safety and technology while blending comfort and sporty handling under an increasingly dynamic guise.

- Second-generation Downtown 350i sportstouring scooter
- Now with the added surety of traction control (TCS) as standard
- Debuts KYMCO's rider-centric Noodoe Navigation as standard
- Overhauled Euro-4 compliant engine with refinements to engine, cooling system and CVT
- Enhanced cornering clearance
- Same RRP with higher specs

STORAGE APLENTY

A huge underseat storage, replete with courtesy light, accommodates two full-face helmets with ample room for more items.

TRACTION CONTROL

The Downtown 350i is fitted with traction control (TCS) as standard which, in addition to the surety of ABS brakes, adds a high degree of safety and confidence.

SIMPLY CLEVER

A double glove compartment is at the ready for small, quick-access items while an easy-reach USB port is readily accessible to recharge devices while on the move.

- A real sports tourer with 'win my heart' spirit
- Best in class horsepower - a true 400cc
- Dynamic handling and high-speed stability
- 5 level adjustable windscreen for ultimate comfort
- Modern and contemporary design
- LED lighting
- Comfortable two staged seating
- Smart Noodoe dashboard technology
- Bosch 9.1 ABS
- Keyless Ignition Control
- Electric auto lock glove boxes

A CLASS OF ITS OWN

In every aspect KYMCO has pushed the boundaries on the concept of sports touring. Best in class power with ground breaking engine development, agile handling with stronger chassis design, plenty of tech with Noodoe – smart phone integration, modern edgy design and loaded with all the luxuries that you would expect from a maxi scooter.

READY TO RACE

A true 400cc with best-in-class 26.5 kW / 38.4 Nm power out-put which offers riders seamless performance. It guarantees not only responsive acceleration for urban traffic but also instant powerful sprints at high-speed.

DYNAMIC HANDLING & STABILITY

Enhancements have been made between the engine and frame to elevated the dynamic manoeuvrability and high speed stability of the XCITING S 400i to a brand new level.

DOUBLE DECKER

The unique two-stage seat opening design that could be operated by pushing the left side button of handlebar or key makes access to the under-seat compartment easier than ever.

THE THRILLS OF TOURING

For people who demand nothing but the best, celebrating its 50th anniversary, KYMCO proudly presents AK 550 ("Anniversary KYMCO"), a flagship maxi scooter that makes no compromise between everyday comfort and sheer riding pleasure. You can now proudly enjoy the best of both worlds as the AK 550 is the pioneer of the new scooter segment "Super Touring", which provides both comfort and convenience of a scooter together with attitude and performance.

- Premium sports performance and design
- Comprehensive lightweight construction
- Low centre of gravity
- High power to weight ratio
- Dual power mode
- Intoxicating dual exhaust sound
- Brembo brakes package
- Bosch 9.1 ABS
- Horizontal rear suspension
- Smart Noodoe dashboard technology
- Keyless ignition control

CONTROL CENTRE

This super tourer gets the lot with keyless ignition, Noodoe dashboard technology, selectable dual power modes, brembo brakes, lightweight Bosch 9.1 ABS braking system and the list goes on to top rival models in its class.

DUAL CYLINDER

AK550's newly designed 550cc liquid-cooled dual-cylinder DOHC 8 valve engine is silky smooth and highly responsive. Its 39.3KW output generates powerful acceleration as well as impressive top speed - only if you dare.

LIGHTWEIGHT

Every component is engineered with the aim to achieve maximum strength with minimum weight. Its lightweight aluminium frame provides the rigidity necessary for spirited riding.
